

KoNeKKTiW

Competence Network Climate Change, Crisis Management and Transformation in Forest Ecosystems

Gouvernement-Funded Project

With support from:

Funding:

Federal Ministry
of Food
and Agriculture

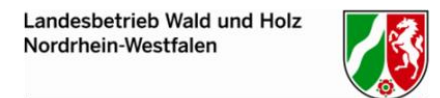

Federal Ministry for the
Environment, Nature Conservation,
Building and Nuclear Safety

By decision of the German Bundestag

Cooperation Partners:

Network Members:

Enhance climate change adaption of forests and forest enterprises

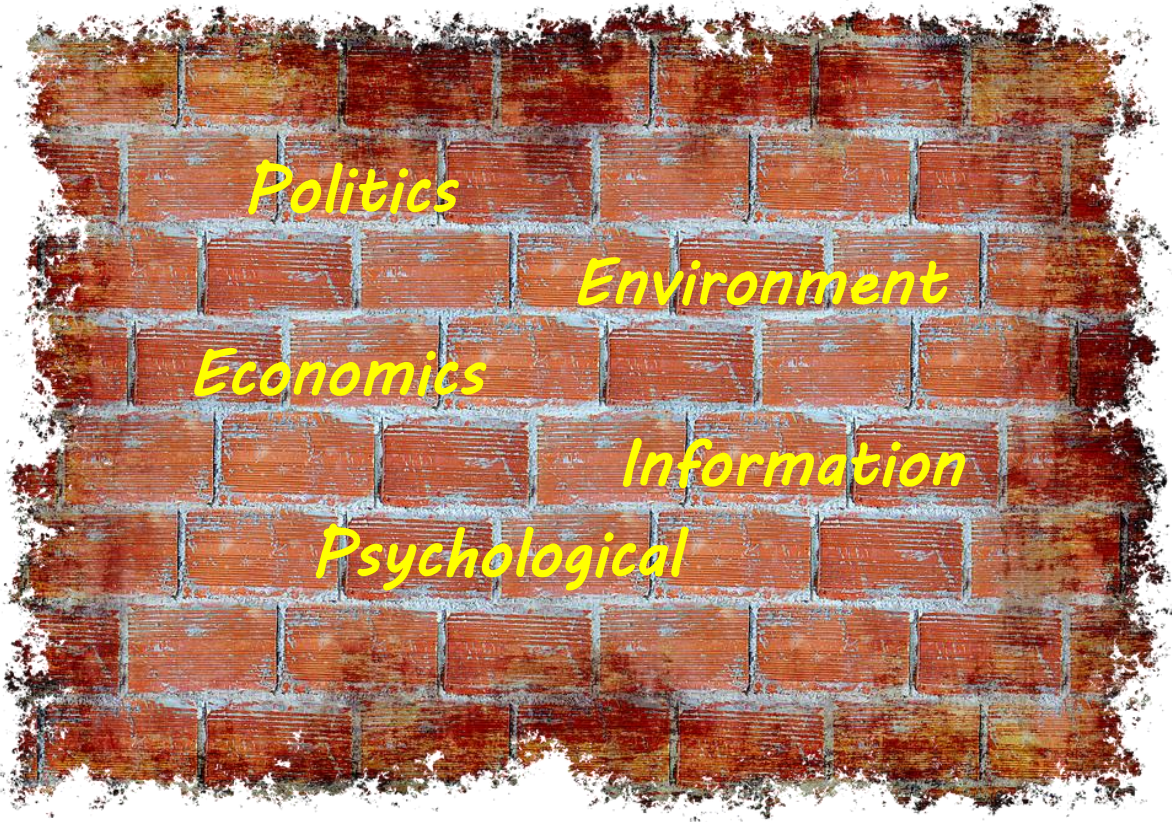

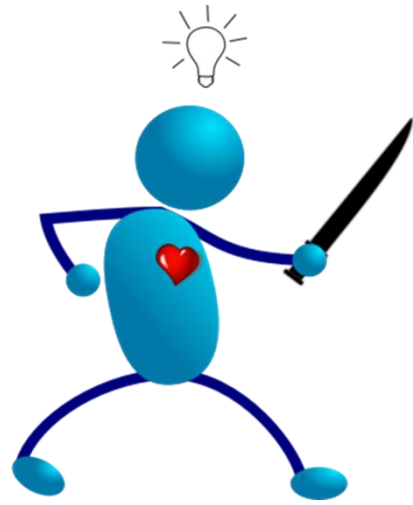

Source: IPCC 2013, SREX-Report

We have made progress in create science based knowledge about climate change

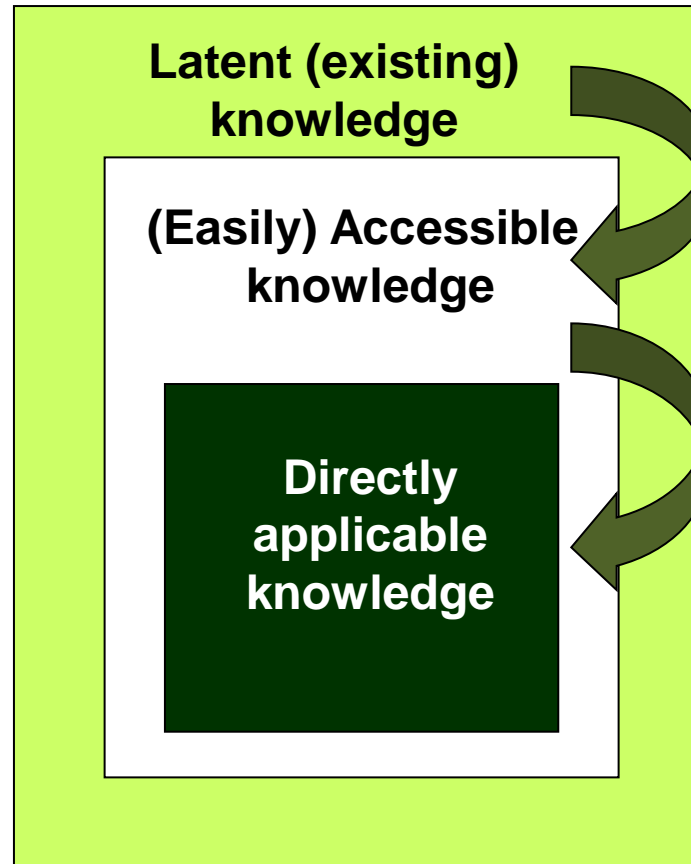

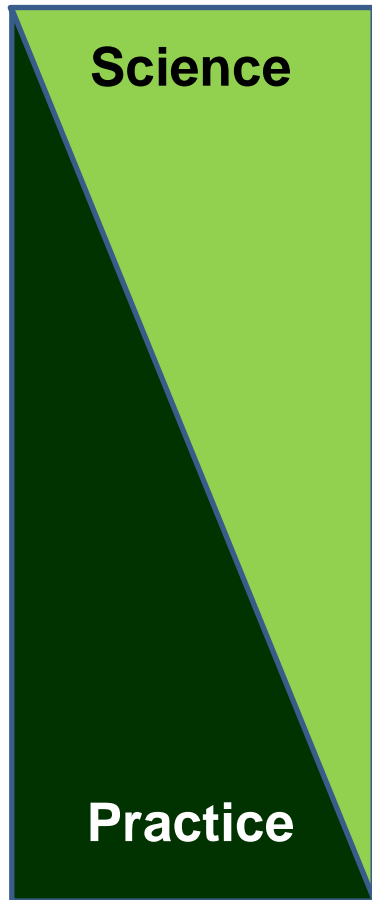

-

But there is still a big lack of action for adaption!

Hindrances everywhere

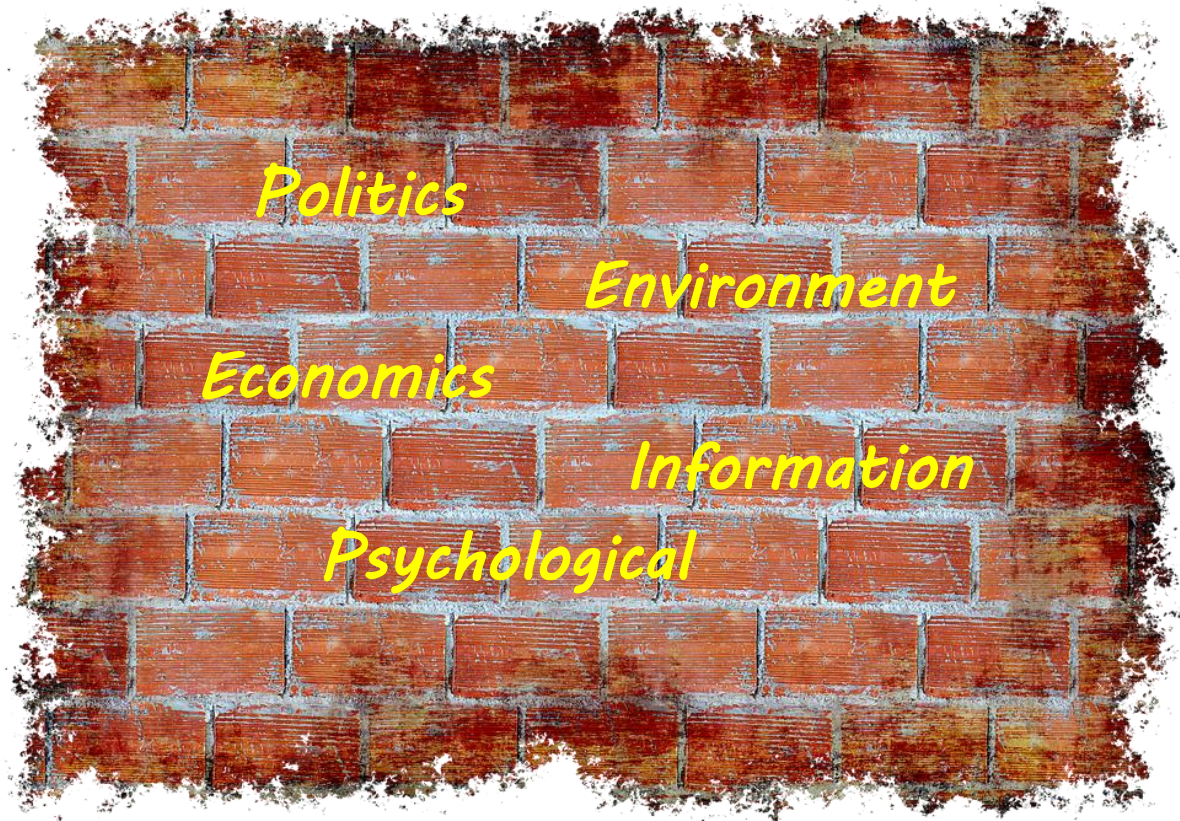

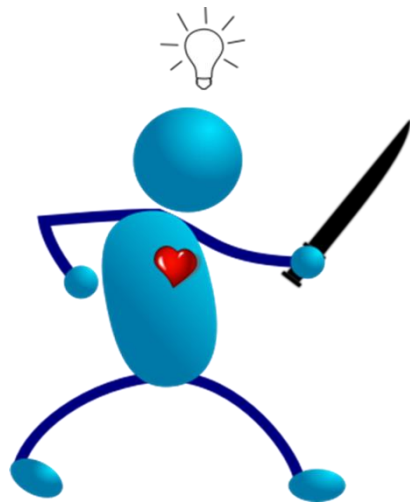

Levels of Knowledge

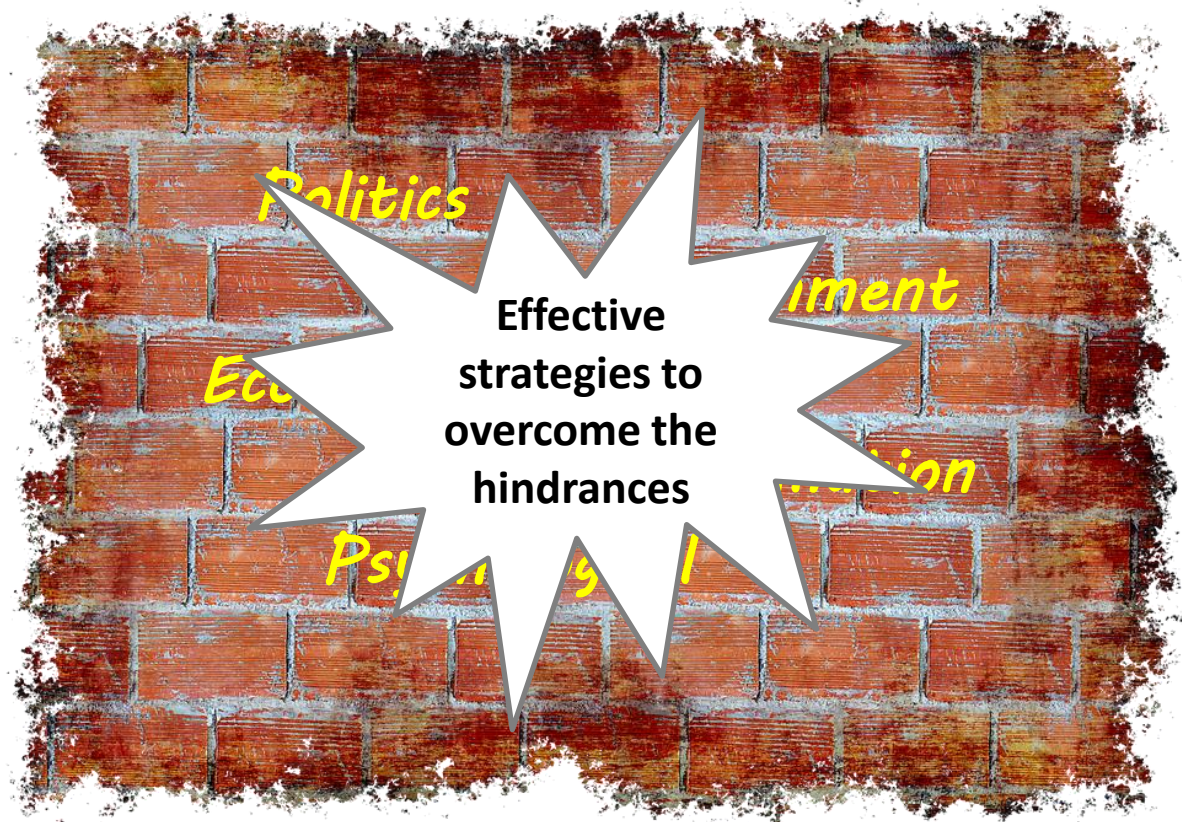

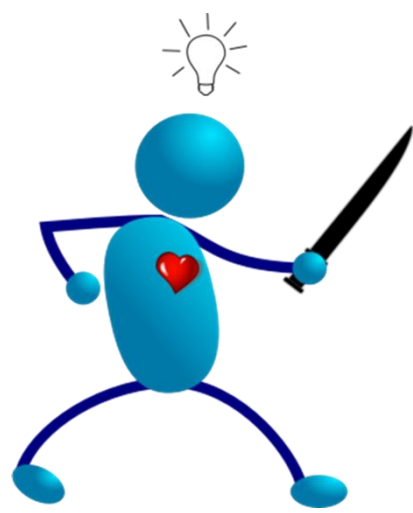

- Journals, Reports,
Congresses,
Individual skills
- (Online) Manuals
Checklists
Multipliers
Capacity Building*
- Expert Consultation
Execution by Experts
Supervision*

*Preference for information
in national language

Hindrances everywhere

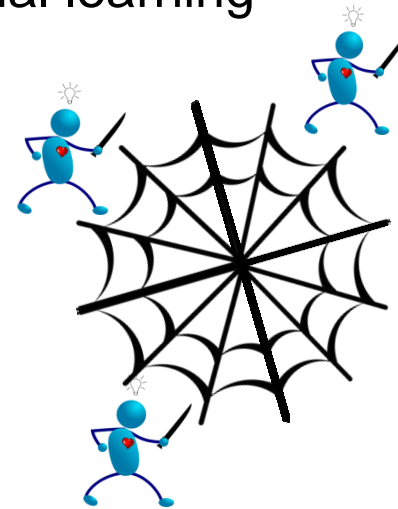

What to do?

Joint action of 15 larger forest institutions in Germany and Austria

- voluntary network of people working in that field
- Cost efficient way for Capacity building & Social learning
- 2-3 members of each organization
- change knowledge and experiences
- Motivation and support

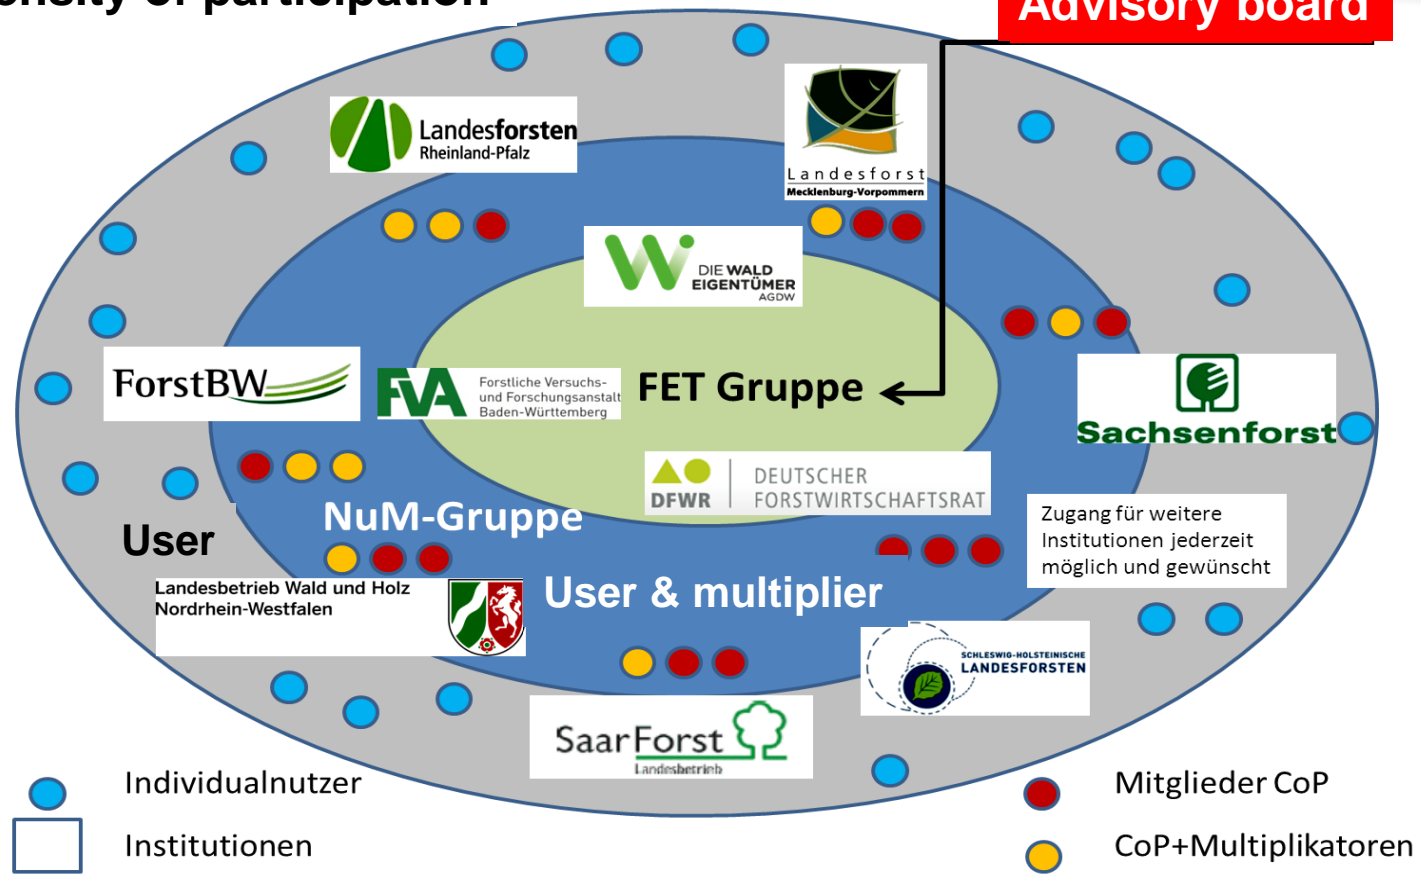

Organisational Structure
